

WHY COAL MINING MATTERS

Coal has been instrumental in South Africa's development, and the coal mining industry benefits the South African economy and its people in many ways.

SOUTH AFRICAN COAL MINING INDUSTRY 2018

PRODUCED	SALES	DOMESTIC CONSUMPTION OF COAL MINED	PERCENTAGE EXPORTED (by value)	ROYALTIES PAID	DIRECT EMPLOYEES	EMPLOYEE EARNINGS
252.6Mt	R139.4 billion	70%	49%	R1.6 billion	86,900 people	R24.7 billion

DID YOU KNOW?

Coal is the cornerstone of South Africa's energy supply with some 81% of electricity being generated from coal. At the current rates of production, South Africa has reserves sufficient to satisfy its needs for more than one hundred years.
